

## Awards and Accolades

The school has Healthy School Status and is currently working to renew its Eco-Schools Award as well as attain the ArtsMark.

In summer 2016 the school won the LibFest Road Safety Awareness Campaign.

Whilst awaiting an Ofsted inspection, the school secured an independent school review to aid our self-evaluation. Some of the comments from that review are shared below:

*“It is very clear that leaders and staff have responded rapidly to areas identified as less secure and there are positive signs that achievement in current cohorts will improve as a result. This was evidenced in the quality of teaching seen and in learning outcomes.”*

Plus

*“The data meeting held in the afternoon showed a cohesive SLT and governor team with a determined drive to ensure improvement. Enthusiastic and well informed subject and phase leaders complement the purposeful lead of the head teacher and assistant head in driving change. Their combined impact has been clearly demonstrated in a short time scale since the last Review. Impact on pupil achievement seen in lesson observations is referred to above.”*
