

## Special Educational Needs Policy - September 2015

### CONTENTS

#### SECTION A : SCHOOL ARRANGEMENTS

1. Definition and aims
2. Roles and responsibilities
3. Co-ordinating and managing provision
4. Admission arrangements
5. Specialisms and special facilities

#### SECTION B : IDENTIFICATION, ASSESSMENT AND PROVISION

1. Allocation of resources
2. Identification, assessment and review
3. Curriculum access and inclusion
4. Evaluating success
5. Complaints procedures

#### SECTION C : PARTNERSHIP WITHIN AND BEYOND THE SCHOOL

1. Staff development
2. Links with other agencies, organisations and support services
3. Partnership with parents
4. The voice of the child
5. Transfer arrangements

#### SECTION A: SCHOOL ARRANGEMENTS

##### A1 DEFINITION

High quality teaching that is differentiated and personalised will meet the individual needs of the majority of children. Some children need educational provision that is additional and different to this. This is special educational provision under Section 21 of the Children and Families Act 2014.

A child has special educational needs if he or she has a learning difficulty or disability which calls for special educational provision to be made for him or her.

A child of compulsory school age has a learning difficulty or disability if she or he:

- has a significantly greater difficulty in learning than the majority of others of the same age, or
- has a disability which prevents or hinders him or her from making use of educational facilities of a kind generally provided for others of the same age in mainstream schools

### ***Aims and objectives:***

The Governors and staff of this school recognise that all children have a right to a broad, balanced, relevant and differentiated curriculum. We aim to create a happy, educationally exciting and positive environment in which all pupils can develop to their full potential and become confident, independent individuals.

We aim to:

- ensure that our curriculum is responsive to all children whatever their individual need.
- promote positive attitudes and individual confidence, ensuring all children experience success.
- identify, assess, record and regularly review pupils' special educational needs.
- encourage parents/guardians to be involved in planning and supporting at all stages of their child's development.
- make effective use of support services.

## **A2 ROLES AND RESPONSIBILITIES**

Provision for pupils with special educational needs is a matter for the school as a whole.

### ***Eynsham Partnership Academy***

The Directors have overall responsibility and ultimate decision making authority for all of the work of the EPA. However, they discharge their duties in respect of pupils with SEN to the Governors and Headteacher of the Eynsham Partnership Academy schools.

#### ***Governors***

The Governors of the school, together with the Headteacher, have a legal responsibility for overseeing all aspects of the school's work, including provision for children with special educational needs, and for doing their best to ensure that the necessary provision is made for any pupil who has special educational needs. They should determine the school's general policy and approach to provision for children with special educational needs and establish the appropriate staffing and funding arrangements.

An appointed representative from the governing body is actively involved in self-review, with the Headteacher and SENCo, of the provision for children with special needs and implementation of the policy within the school.

#### ***SENCo***

The Special Educational Needs Coordinator is David Marsh. He works closely with all staff, the Headteacher, parents and outside agencies ensuring the best possible provision for children

with special educational needs. He is a member of the Senior Leadership team (SLT) monitoring the provision, attainment and progress of SEN Pupils.

He is responsible for:

- overseeing the day-to-day operation of the school's SEN policy
- coordinating provision for children with SEN
- ensuring the involvement of parents and guardians from an early stage and liaising with parents of pupils with SEN
- advising on a graduated approach to providing SEN support, liaising with and advising other members of staff
- working closely with the Headteacher and other staff to priorities meeting the needs of looked after pupils with SEN
- helping to identify children with special educational needs, assessing and planning for progress
- maintaining the school's special needs register
- advising on the deployment of the school's delegated budget and other resources to meet pupils' needs effectively
- liaising with early years providers, other schools, educational psychologists, health and care professionals, and independent or voluntary bodies
- being a key point of contact with external agencies, especially the local authority and its support agencies
- liaising with potential and next providers of education to ensure a pupil and their parents are informed about options and a smooth transition is planned
- managing teaching assistants, through the direct management of Higher Level Teaching Assistants, in liaison with Key Stage staff
- supporting the professional development of teaching assistants
- regularly liaising with the governors' representative

### ***Headteacher***

The Headteacher has overall responsibility for the management of provision for children with special educational needs, keeps the governing body fully informed and works closely with the SENCo.

The Headteacher is responsible for:

- acting as Designated teacher for looked after pupils with SEN

### ***Teaching Staff and Teaching Assistants***

Class teachers are involved in the development of the school's SEN policy and implement the procedures for identifying, assessing and making provision for pupils with SEN, including planning for differentiation. The identification of SEN is built into the overall approach to monitoring the progress and development of pupils. Class teachers are responsible for working with children on a daily basis and closely monitor children involved in interventions away from the main class. Teachers work closely with teaching assistants to plan and assess the impact of support and interventions and how they can be linked to classroom teaching. Teachers are aware that quality first teaching is the most effective way to ensure progress for the children with SEN.

### **A3 CO-ORDINATING AND MANAGING PROVISION**

The Headteacher and SENCo meet frequently to discuss SEN issues.

The SENCo meets with class teachers to give support and advice. SEN policy and provision are discussed regularly at Teacher and Phase meetings and at pupil progress meetings in order to raise the achievement of children with SEN. Special needs provision is an integral part of the School Development Plan (SDP). The SENCo oversees the provision using provision mapping. The SENCo and the school's two HLTAs meet regularly with the Teaching Assistants to review progress and give advice, and monitors the placement of TA support throughout the school. This is dependent on the Special Needs requirements and this placement may change as the needs of the children change. There is opportunity for informal daily contact between staff to discuss concerns.

Parents/carers are kept informed by class teachers and are encouraged to be involved in the support of their child whenever possible. An Annual review is conducted for parents of pupils with statements or Education, Health and Care Plans by the SENCo. Where there is a concern that parents need extra support the SENCo may make a referral to the West Oxfordshire Early Intervention Hub or the Multi-Agency Safeguarding Hub (MASH). The CAF/TAC process could be used to identify areas for change and engage support from other professionals. Please refer to the Safeguarding and Child Protection policy.

Eynsham Community Primary School strives to be a fully inclusive school. It acknowledges the range of issues to be taken account of in the process of development. All pupils are welcome, including those with special educational needs, in accordance with the Eynsham Partnership Academy Admissions Policy. According to the Education Act 1996, (Section 316), the school will admit a child with a statement or Education, Health and Care Plan subject to the wishes of their parent unless this is incompatible with the efficient education of other children, and there are no reasonable steps that can be taken to prevent the incompatibility.

### **A5 SPECIALISMS AND SPECIAL FACILITIES**

Children's specific needs are discussed with parents/carers when admission to school is requested. The previous school and support agencies are contacted should this be appropriate. All staff have responsibility for teaching children with learning difficulties/disabilities and should any specialist advice be required, this will be arranged.

The school has access for wheelchairs. Suitable toilet facilities are available. Where a child has a disability the SENCo and class teachers make sure that all adults are informed about effective management strategies and that other children are made aware as appropriate. Advice is sought from outside agencies on how best to provide for the child's needs and this advice is accessible to the adults working with the child through their pupil profile. Arrangements are made to allow as much independence as possible, but with support available as and when necessary (see Health and Safety Policy).

The SENCo and Governor with responsibility for Special needs liaise regularly to discuss provision within the school for all children with SEN.

## **Specialist training among the staff**

We believe that the most effective way to ensure children with SEN make good progress is through quality first teaching. Our inclusive ethos in practice means that children with additional needs receive as much time being taught by their class teacher as any other pupil. Staff training is undertaken in various aspects of SEND according to the needs of the children to ensure that the provision made and support given to pupils is appropriate and effective. The training needs of the staff including TAs are reviewed as part of the CPD process in school.

## **SECTION B: IDENTIFICATION, ASSESSMENT AND PROVISION**

### **B1 ALLOCATION OF RESOURCES**

All schools within the Eynsham Partnership Academy receive funding for pupils with SEN in three main ways:

- The base budget (element 1 funding) covers teaching and curriculum expenses as well as the cost of the SENCo.
- The notional SEN budget (element 2 funding) covers the additional educational support required.
- Specific funds may be allocated to pupils with statements or Education, Health and Care Plans.

Eynsham CP School, as part of normal budget planning, has a strategic approach to using resources to support the progress of pupils with SEN. Eynsham provides additional support up to the nationally prescribed threshold per pupil per year. Where the cost of special educational provision required to meet the needs of an individual pupil exceeds this threshold, schools are not expected to meet the full costs of more expensive special educational provision from their core funding. The Local Authority may provide top-up funding.

### **B2 IDENTIFICATION, ASSESSMENT AND REVIEW**

The progress of the children is assessed at regular intervals by staff as part of the school's tracking process (see Assessment, Recording and Reporting Policy, and Equal Opportunities Policy). Where progress is slow, the first response is high quality targeted teaching. Slow progress and low attainment do not necessarily mean that a child has SEN.

All those working with children are alert to emerging difficulties and respond early.

In deciding whether to make special educational provision, the Headteacher and SENCo consider all the information gathered from within the school about the pupil's progress, alongside national data and expectations of progress.

Where more specific assessment is deemed to be necessary, this will be carried out by the SENCo, who may then involve other professionals from outside the school. The information gathering will include an early discussion with the pupils and their parents and carers. Eynsham Primary School recognises that parents and carers know their children best and we ensure we listen to and understand when parents and carers express concerns about their child's development. Consideration of whether special educational provision is required starts with the desired outcomes, including the expected progress and attainment and the views and wishes of their parents and carers.

When a child is identified as needing SEN support, school employs a graduated approach of Assess-Plan-Do-Review adopting the recommended model for Special Educational Needs as set out in the Code of Practice (DfE 2014). The Oxfordshire Local Authority SEN Guidance is used as a guide for the identification, assessment and provision for SEN, and the forms provided are used for record-keeping. A register of pupils with SEN is kept as a legal requirement.

Criteria for identifying SEN may include:

- A child's early history and/or parental concern
- Low entry profile
- Low Foundation Stage profile
- A pupil's lack of progress despite receiving a differentiated curriculum
- Low achievement in the National Curriculum i.e. significantly below the suggested level for their age
- Requiring greater attention in class due to behavioural/learning difficulties
- Requiring specialist material/equipment or support for sensory/physical problems

The SENCo, class teacher and pupil in partnership with parents and carers, and together with specialists, consider a range of teaching approaches, appropriate equipment, strategies and interventions in order to support the child's progress. Outcomes are agreed and progress reviewed regularly.

Where, despite the school providing SEN support, a child has not made expected progress, school and parents and carers may consider requesting an Education, Health and Care assessment by the local authority. The LA will expect to see evidence of the action taken by the school as part of SEN support.

Reviews of children with SEN support are held each long term and led by the class teacher. They provide an opportunity for parents and carers to share their concerns and, together with the child and teacher, agree aspirations for the pupil.

### ***Provision***

Provision for children with SEN is additional to or different from those provided as part of the school's usual differentiated curriculum and strategies. It is a graduated response to children's individual needs. Such provision is recorded on the SEN Pupil Profile.

### ***Categories of Special Educational Need***

Children's needs and requirements fall into four broad areas, but individual pupils may well have needs which span two or more areas. For example, a pupil with general learning difficulties may also have communication difficulties or a sensory impairment.

- Communication and interaction: Speech, Language and Communication needs  
Autistic Spectrum Disorder including Aspergers and Autism
- Cognition and Learning: Learning difficulties  
Specific Learning Difficulties e.g. dyslexia, dyspraxia, dyscalculia

- Social, emotional and mental health difficulties: Behaviour reflecting underlying underlying mental health difficulties (e.g. anxiety, depression). Attention deficit disorder, attention deficit hyperactive disorder, attachment disorder
- Sensory and/or physical: Hearing Impairment  
Visual impairment  
Physical disability  
Multi-sensory impairment

### **Supporting pupils with medical conditions**

Where children with SEN also have medical needs, their provision is planned and delivered in a co-ordinated way with the healthcare plan. School has regard for the statutory guidance supporting pupils at school with medical conditions (DfE, 2014).

## **B3 CURRICULUM ACCESS AND INCLUSION**

Eynsham Primary School strives to be an inclusive school, engendering a sense of community and belonging through its

- inclusive ethos
- broad and balanced curriculum for all pupils
- systems for early identification of barriers to learning and participation
- high expectations and suitable targets for all children

The school runs a range of intervention that aim to provide support and accelerated learning for children with additional needs. Teachers and Teaching Assistants are specifically trained to carry out assessments and interventions. Interventions carried out are recorded on a whole school provision map updated by the SENCo. Information technology is used when appropriate to enable pupils to work with greater independence, for example, the use of tablets and talking word-processing software. We recognise that sometimes children need extra nurture and care in school to enable them to be successful learners. The school meets these needs through specific programmes and provision, these include: the Safe Space, a quiet curtained sensory space where children can spend time to re-gain their thoughts and enable them to re-join their class when ready; the Nest, a larger space with soft furnishings where group interventions take place and where the Breakfast Club and Lunch Club, offering nurture provision for targeted children, are run.

## **B4 EVALUATING SUCCESS**

Parents and carers/carers, staff and pupils meet regularly, both formally and informally, to plan outcomes, revise provision and celebrate success.

The success of the school's SEN Policy and provision is evaluated through:

- Monitoring of classroom practice by SENCo and subject coordinators
- Analysis of pupil tracking data and test results – for individual pupils  
- for cohorts
- Value-added data for pupils on the SEN register
- Monitoring of procedures and practice by the SEN governor three times a year
- School self-evaluation
- Monitoring the quality of Pupil Profiles and review meetings

- The School Development Plan

## **B5 COMPLAINTS PROCEDURES**

If a parent or guardian is concerned about SEN provision for their child, initial contact should be made with the class teacher. A meeting will be arranged, which may include the Headteacher and/or SENCo, to discuss the concern. Parents and carers can request an appointment with the Headteacher directly. The Parent Partnership Service is available to support parents and carers in meetings concerning their child's progress and welfare.

In the event of a formal complaint concerning SEN provision, parents and carers/guardians are advised to contact the Headteacher and follow the Oxfordshire LA procedure in the first instance. Parents and carers may also contact the Governing Body. Government publications regarding parents and carers' rights are available in school.

## **SECTION C: PARTNERSHIP WITHIN AND BEYOND THE SCHOOL**

### **C1 STAFF DEVELOPMENT**

The school is committed to gaining further expertise in the area of Special Needs education. Current training includes school-based whole school INSET, training sessions for TAs and lunchtime supervisors, EPA SENCo meetings and TA group meetings, attendance at County Inclusion meetings and the reading and discussion of documents on SEN. Individual staff development is provided by various higher education institutions if appropriate. Staff meetings are arranged to respond to the particular needs of the school.

Arrangements for the induction of NQTs and new staff into the school's policy and SEN procedures are detailed in the Staff Handbook.

### **C2 LINKS WITH OTHER AGENCIES, ORGANISATIONS AND SUPPORT SERVICES**

The school is able to call upon the expertise of a wide range of support services. These support services are consulted after consultation with the Headteacher or SENCo, and with the full agreement of parents and carers. For assessment and advice from most of these services a request form must be filled in first, then additional information may be required e.g. the service's own checklist, and information about strategies already in use. The SENCo holds contact addresses and request forms for other agencies and support services.

### **C3 PARTNERSHIP WITH PARENTS AND CARERS**

Our school believes that good communication between parents and carers/carers and staff is essential so that parents and carers can share their knowledge and expertise about their child. A child's pupil profile consists of the child's own view about what helps them to learn, what they enjoy doing in and out of school and the things they are good at. The pupil profile also consists of how parents and carers view their child; their child's needs, strengths and aspirations. Pupil profiles are important in enabling the school to see the whole child and to ensure they achieve their potential. Parents and carers are always welcome to visit the school to discuss any concerns about their child with the class teacher, at a mutually agreed time. There is opportunity for parents and carers to discuss their child's needs, progress and strengths at Parent-Teacher consultations and Special Needs Review meetings. Parents and carers are involved in the initial identification of their child's needs and are always part of the review process to monitor provision and progress. Wherever possible, parents and carers are involved

in any strategies instigated, and we aim to support parents and carers with their child's difficulties if necessary. Parents and carers are consulted and permission sought before involving outside agencies in the assessment of a child's progress or behaviour. Information about the Parent Partnership Service is given to parents and carers so they may use it if they wish, and information is available for parents and carers of children with learning difficulties/disabilities in school. Parents and carers have right of access to records concerning their child.

#### **C4 THE VOICE OF THE CHILD**

All children are encouraged to participate in discussions about their learning and to feel that their views are valued right from the start of their education. At Eynsham Primary School we encourage pupils to participate in their learning by being present for at least part of review meetings, depending on their level of maturity, to share their wishes and feelings with families and staff. This is difficult for some children, so it is important to recognise success and achievements as part of the review process as well as addressing any difficulties. Pupils are encouraged to take part in the reviews and be part of the evaluation of their successes and needs.

#### **C5 TRANSFER ARRANGEMENTS**

The SENCo, class teachers and Headteacher liaise over the internal transfer of pupils with SEN. Placements are considered carefully in order to meet a child's particular needs, and pupils visit their new class before transfer.

Year 6 children transferring to local Secondary Schools visit the new school for three days during their final year at primary school, one each long term. Representatives from the Secondary Schools visit to talk with the children. The SENCo and Year 6 teachers liaise over the transfer procedure and when transfer is local, meetings are arranged between the appropriate staff. At all times of transition, SEN information is gathered together and records transferred to the new teacher or school.

For pupils with Statements or Education, Health and Care Plans, the child's statement should be amended in the light of recommendations of the annual review by 15th February in the year of transfer to ensure that time is available to make necessary transfer arrangements re/needs and provision. The SENCo of the receiving school will be invited to the final annual review in primary schools of pupils with statements or Education, Health and Care Plans where the particular school has been named.

#### **C6 Monitoring and Review**

The implementation of this policy will be monitored by the SEN Governor. This policy will be updated in line with new initiatives together with any streamlining of school processes. This policy will be reviewed in two years.
