15th January 2018

Dear Applicant

Thank you for your interest in our school. This is an exciting time to become part of our community school as we continue to make significant progress in raising achievement, developing a first class inspiring curriculum and establishing ourselves as a centre of learning for all. We are looking for a talented and creative leader who can consolidate this progress, whilst striving to go further.

As a school, we are more focused than ever on ensuring that the school provides the very best for our children. Over the past year we have developed new assessment and tracking systems, enhanced our curriculum, improved the internal school environment and strengthened our teaching, learning and behaviour management approaches.

We require a Deputy Headteacher who will put teaching, learning, behaviour management and relationships at the forefront of their approach, in order to ensure that all children fulfil their potential. We need someone who will inspire and enable our dedicated and skilled staff, help our parent body to support their children's learning, foster links with the local community and – above all – cultivate the natural talent, creativity and enthusiasm of our children.

We would encourage all potential applicants to visit the school on an informal tour before submitting their application. This would give me the opportunity to meet you personally, show you our school and answer any questions.

I very much look forward to meeting you.

Yours sincerely

A handwritten signature in black ink, appearing to read 'Ian Moore'.

Ian Moore
Headteacher
