### **Minutes:**

Mrs Bayliss asked all reps to introduce themselves and give a reason for why they joined school council. She then gave examples of what the school council did in her previous schools. This included redeveloping an area of land and creating a wildlife/pond area and also setting up a school radio station.

Mrs Bayliss then informed the council that as a team the children would need to decide on what their project would be for this year. However for this term she wanted the school council to look at supporting the school with improving lunchtimes.

She also informed the team that it would be good to have the deputies attend the meetings as well.

It was agreed that the roles of Chair/vice chair and secretary would be elected in the next meeting as Mr Ottaway was going to be overseeing the school council.
